

Fort Douglas, Utah
Oct 24, 1934

Dear Bates:

Sorry I wasn't able to drop in and see Wabnitz and you before I departed from N.Y. last July.

I arrived here and reported on Aug 1st and was immediately detached as District Construction Inspector, the District consisting of all of the States of Nevada and Utah.

The Commanding General desires that I give talks on Abyssinians before C.C.C. camps. In the meantime, I have given quite a few before Rotary Clubs, Lions Clubs, Chambers of Commerce and other clubs in Salt Lake City & other cities at luncheons and dinners. — It has been arranged that Forestry Service will supply funds to cover cost of having negatives made into lantern slides. Please forward to me negatives which I sent you. Enclosed please find 40¢ postage to cover registration, etc.

Ask Wabnitz to have made 3
lantern slides which will depict the
following:

~~Africa~~

1 Map of Africa with Abyssinia (Ethiopia)
boundary lines slightly accentuated, so as
to cause Abyssinia to stand out.

2 Map of Abyssinia, together with
enough of Egypt, Syria, Somaliland and
Italian Somaliland to show coastline of Indian
Ocean to the east of Abyssinia.

Lantern slides to be the standard
ones. The two above slides are to be
used in introduction to remaining slides
to educate audience as to the location of
Abyssinia. Please ask Wabnitz to mail
slides to me C.O.D. covering his work and
expense or to send bill under separate cover
and I will ^{promptly} get funds from Forestry Service
or else pay myself. Thanks
Best regards — Sincerely H. Case Willcox
